

Floodplain Report

Susan Bodkin and Joe Miller

October 30, 2009

We had a planning meeting to discuss several items.

1. Remove the name Committee from emails, website, etc. so more people are involved.
2. Discussed Joe helping me this coming year (2010) plan activities, meetings, and conference speakers with the following year he take over and floodplain committee chair.
3. How to get information out to the people that deal with floodplain activities – Contact Anita Nance at DNR to get an updated listed of people they work with in floodplain areas in Counties and Cities and Towns.
4. Have a list of dates and places for future meetings and hand that out the DNR Stay Afloat Conference.
5. Possible topics
 - A. Dams and Levees – Rick Rampone (HNTB), Jeff Healy – (Banning), Ken Smith (DNR) explain levee certification with FEMA, Army Corp, and DNR try to have in March
 - B. Riskmap – Dave Knipe early summer (June)
 - C. Streambank Stabilization – panel of regulatory people on permits needed and engineers on design methods.
 - D. Climate changes – State people or Scott Morelock
6. Conference item is to get someone from Oklahoma to talk about response teams.
7. IWRA (Indiana Water Resource Association) – USGS, NRCS, Dennis Stewart that conference is in June lots of good information we maybe able to use.
