We believe blood is life. Founded in 1952, Indiana Blood Center is a non-profit organization and vital community resource dedicated to providing a continuous, safe and adequate supply of blood components and biological services first to people of our own communities, then wherever needed. We do this only through the dedication of our 350 associates and the commitment of more than 90,000 Hoosiers blood donors. Blood: Your gift. Our mission.

INAFSM will partner with the Indiana Blood Center to host a blood drive in memory of ASFPM past chair and former INAFSM Chair **GREG MAIN**, who lost his battle with cancer far too soon. Conference attendees are encouraged to help contribute to this life-saving resource that so many patients depend on. The easiest way to give is by signing up online (see the link above), though walk-ins are also welcome. Please note that to be eligible to donate, you cannot have given blood in the past 56 days. Other health-related questions and answers can be found on the website.

CHALLENGE

The ASFPM National Chapter had 66 participants donate blood at the Annual Conference. We hope to exceed that number by obtaining 75 donations.
